Bus Leaves for  Sabarmati Gandhi Ashram

GAP Udaan

This session is to give each changemaker specific feedback and guidance on their Initiative/Project from a panel of experienced Catalysts, Changemakers and relevant Subject Matter Experts. The objective is for the Changemakers to build up the confidence and be aware of any potential ways to accelerate/enhance their impact and avoid any obvious pitfalls. Changemakers may also get inputs on potential organizations/individuals they may benefit from.

Parallel Mentor Sessions

To understand the journeys of the Mentors in detail and have the opportunity to engage intimately with them. Mentors share their life journeys such that CMs can see how they could embark on a similar journey (Inspire & Belief).

GAP Coaching

Changemakers will be supported by GAP Coaches to work through their key goals and challenges for their project through 1-1 Coaching and Group Coaching. The Group Coaching Sessions will take place at the end of each day and will provide an opportunity for each CM to contemplate and share what touched and inspired them, and then set some intentions for the next day.

GAP Challenge Sessions

Changemakers will have an opportunity to find solutions or possibilities for their own challenges. The session will allow changemakers to present their challenges and receive feedback and ideas from other fellow Changemakers, Catalysts, companies and universities.

GAP Funds Sessions

GAP Funds Session I is to create awareness about GAP Funds Partners and their requirements and processes of Funding of Changemakers. Here our GAP Funds Partners will present details of their organisations, their areas of focus and the criteria for selection and funding of Changemakers. The Changemakers will be able to ask questions and clarify their doubts also. The GAP Funds Session II will provide an opportunity for 6 CMs to present their pitches to the GAP Funds Partners and get feedback. The pitches will be done in front of all Changemakers of GAP 2016, giving them ability to understand what is required to get successful funding. The 6 Changemakers will be selected by a team of experienced professionals, based on Project details, financials and future plans shared by Changemakers at GAP.

Bapuji ki Chitthi

Showcasing organizational models that have successfully created impact in the communities they work.

Partnering for Change

Partnering can be a powerful way to help scale one's initiatives. The Partners also benefit by impacting their communities with proven solutions, instead of re-inventing the wheel. This can lead to significant savings of time, energy and resources while creating the desired impact. This session will showcase select Organizations that have partnered or are seeking partnerships to help scale their impact. Changemakers can consider relevance of the solutions from these organizations and explore partnering with them to impact their communities.

GAP Inner Journey

The Inner Journey is an intensive discovery into ourselves over a 4 day period of a few hours each, the focus of which is to discover one's Life Purpose. The Inner Journey brings into clarity who we truly are, what we really want for ourselves, what is it that instigates us, gets us involved, what drives us and what empowers us. It is a highly interactive, introspective – public yet private – experiential workshop. We then align our life Purpose to the work we do, or the project we have taken on. When these are fully aligned, we know that the work we do is truly the path that we were meant to walk on, and provides us strength and fortitude.

GAP Connections

To provide an opportunity for Changemakers to meet Catalysts and others and explore areas of collaboration. At the end of the 1st day, Changemakers and Catalysts put up their Forms which will have 3 arranged appointments and 3 chosen ones. On the 2nd Day, 20mins time slots are allocated for each person to meet and share their project and ask each other 'What can we do together'?

GAP Learn Sessions

Sessions will be conducted by partners/facilitators who have a wider and deeper understanding of specific areas and relevant topics pertaining to wide range of interests of all/any of the 3 levels of Changemakers attending the Event

Speaker Corners

Changemakers will share their stories of what they do and how they do it and encourage discussion and collaborations with other Changemakers and Catalysts. The sessions will be 'Speaker Corner' style where Changemakers will gather informally in an allocated space and participate in the session.
